Lot to Love

Upcoming Events

- **Feb. 16:** Regular Dinner Meeting. Silent Auction. 6pm. Gianni-li's II.
- **March 2:** Board Meeting. 6pm. Trinity Lutheran Church. All welcome to attend.
- **March 3-4:** BPW/PA Winter Board, State College
- **March 16:** Women's History Month Dinner Meeting. 6pm Gianni-li's II.

Well hello February! There's a lot to love about this month. Let's start with a club favorite, our Foundation/Legislation committee's annual Silent Auction. Each year, members donate their new unwanted items for the event. We start the bidding at \$5.00 and watch the values rise as the competition for ownership heats up with last minute bids. Proceeds from the auction benefit the BPW/PA Foundation scholarship funds.

February is also the month in which the American Heart Association raises awareness of cardiovascular disease and stroke amongst women through their "Go Red For Women" campaign. Cardiovascular disease is the No. 1 killer of

women, causing 1 in 3 deaths each year. Heart disease and heart related issues is something that the women in my family have dealt with over the years. To learn more about prevention and healthy lifestyle changes, visit AHA's Go Red For Women's website at <https://www.goredforwomen.org>

And lastly, on Monday, February 13th we celebrate Galentine's Day. A day in which we recognize the impact that our female friends have on our lives and thank them for their steadfast loyalty, support, love, and laughter. So to that I profess my love for my BPW sisters and say thank you for all that you've done for me and our organization. What a wonderful group of girlfriends you all are.

Stay warm, stay heart healthy and don't forget to

'do good things'.

Member SPOTLIGHT Stacey Cunningham

February Member Spotlight

Stacey Cunningham has a knack for making people smile. By day she is an Expanded Function Dental Assistant fixing teeth one smile at a time. Stacey also is the founder of Scents by Stacey - custom scented and hand poured soy candles.

Stacey began making candles about 20 years ago noting her dad is the reason she started the mission. "At the time I recently painted my walls and my dad stopped over to see them and I was also burning candles and he noticed "stuff" on my walls and when he used his finger to feel it, it smeared. It was the soot from my candle...UGH" This got Stacey thinking that if this is on the walls we are all breathing this too. Another concern were the oils used to scent famous brand candles. "Many oils used in candles, body sprays, lotions, and soaps (yes soaps) are harmful to use." She knew there had to be something better, and that's when she started her journey with the soy. "At that time soy was a new thing and just being introduced," says Stacey. She researched and experimented with wicks and even containers finally de-

terminating the mason jar is the perfect thing to use. Stacey's candles can also be used as a moisturizer. "The soy I use is Kosher and 100% pure with papers from the FDA for food consumption. The oils are high end with essential oils and contain NO carcinogenic products and are safe enough to be used on the body. The wicks are an all natural cotton wick and contain no harmful metal cores. The candles burn at a lower temperature and therefore last a lot longer. They do not emit harmful soot. The jars and soy used are all made in the U.S.A. and support the farmers and workers.

"I LOVE my candles and hand pour each one with love. I want others to enjoy them too. It's relaxing and fun for me, says Stacey. She also loves to paint and tries to incorporate some of her artwork with the candles." I like to paint on various mediums like wine glasses, glass blocks, old windows, and whatever else I can get my hands on".

You can find Stacey at a variety of vendor events and her candles are sold in local businesses like London's

Hair Salon, Limani's Hair Salon, Wash -Um Il Laundromat, R Klean, Cindy's Dog Grooming, and soon to be back at Terri's Gourmet Sweet Treats. She has recently partnered with Alice's Apples & Sweets for unique gifts. Stacey says her biggest reward is repeat customers. "I have people that I met at 7 Springs 20 Years ago with my dad when I started selling them that still come to me to this day. It also humbles me when people see me and they say, "Hey there's the candle lady!". I love your candles and tours are all I burn. It TRULY WARMS MY HEART." It's Stacey's personal touch that sets her apart and brings customers back. "I LOVE to talk with people. I will do whatever I can do to accommodate or help someone even if that means going out of my way to make sure they can enjoy one of my candles."

Meet Stacey at the next BPW meeting. Pick up your favorite scent at one of the local businesses.

Contact Stacey at staceycunningham74@gmail.com and like her on [Facebook Scents by Stacey](#).

Parliamentary News!

Parliamentary Speaking!

QUORUM. According to Merriam-Webster Dictionary, QUORUM, noun –*the number (such as a majority) of officers or members of a body that when duly assembled is legally competent to transact business.*

You will notice that at our meetings the President states we have quorum by providing the number of members in attendance. Our bylaws state that quorum constitutes a minimum of 25 members present.

Question- Is it true that once a quorum has been established, it continues to exist no matter how many members leave during the course of a meeting?

Answer-No. Once a quorum has been established, the continued presence of quorum continues to exist only until the chair or any other member alerts the assembly that a quorum is no longer present. The chair should declare this fact at least before taking any vote or stat

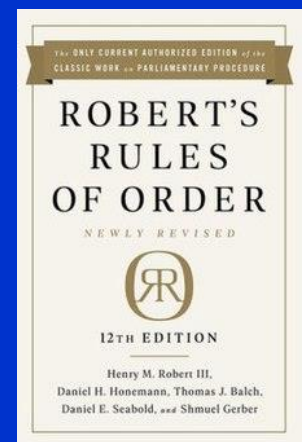

ing the question on any new motion. Any member that notices that quorum is not present can and should make a *Point of Order** to that effect when no one else is speaking.

It is important to make sure that all meetings have a quorum present in order to conduct the business of the organization.

**Point of order- noun - is a query in a formal meeting as to whether correct procedure is being followed.*
